

C/P  
cont  
layer and the light emitting layer, the film formation region of the light emitting layer covering the film formation region of the hole injection/transportation layer.

9. (Twice Amended) The organic EL device according to claim 1 wherein the shape has rounded corner and defines the film formation regions with rounded corners.

Please add new claims 10-12 as follows:

SJ  
D3  
C3  
--10. An organic EL device comprising:  
a bank for defining a first and a second film formation regions, the second film formation region covering the first film formation region;  
a hole injection/transportation layer spread within the first film formation region; and  
a light emitting layer spread within the second film formation region.--

--11. The organic EL device according to claim 10, wherein the shapes of the first and second film formation regions are quadrilateral.--

--12. The organic EL device according to claim 10, wherein the shapes of the first and second film formation regions have rounded corners.--

#### REMARKS

Claims 1-6, and 9-12 are pending. The Office Action withdraws claims 2-5 from consideration. By this Amendment, claims 1 and 9 are amended; claims 7 and 8 are canceled; and claims 10-12 are added. Reconsideration based on the above amendments and the following remarks is respectfully requested.

The attached Appendix includes marked-up copies of each rewritten claim (37 C.F.R. §1.121(b)(1)(ii)).
